TO ISRAEL AVIDOR

MASKIRUT OLAMIT

TEL AVIV

Dear Israel Avidor:-

I received your last letter and I am answering in hurry because urgency of the issue about a scheliach in Recife.

The maskir of The Jewish Middle School Of Recife Mr. Salomão Jaroslavski will travel next week to Israel and he wants to obtain a couple of schlichim in order to teach at this school. I think that he will accept someone suggested by Habonim if you suggest a name.

I gave him the address of The Ichud Habonim and I hope that he will enter in contact with you. And that this interview will be well succeeded.

Please do all your efforts on this issue because it will solve our problems with this sniff.

MOSHE FRANKEL :-

We are astonished about all what is happening. After 5 months of talkings about his schlichut he give it up and denies to go to Brasil as asheliach. I want to remember you promptly that Porto Alegre needs it very urgently and they are waiting him anxiously.

By my knowledge of Bror Chail's "coach adam" I think that they don't have a substitute to Moshe Frankel and I suggest you to take it on the shoulders of the Maskirut Olamit and don't delay it with verberage with Bror Chail and look as quickly as possible for a new name even if outside Bror Chail.

SCHENAT HACHSHARÁ:-

Each week a kvutsá of 12 chavrim meets at São Paulo and we hope with the resto Of Brasil cover a number of 17-18 chavrim.

We will send you the questionnaire by air mail next week.

They had a meeting with Dov Tsamir and he can describe you his impression and so you can tell on by this time with a more serious information than last year by the way of letters.

It is a more homogenous kvutsá and there are more chavrim of the Tnuá but they remember the last kvutsá by their lackness

of clear aims. But I hope whole heartly that with the experiences of last last year and being under the responsibility of Maskirut Olamit that some problems overlooked in 1967 will now receive all the needed attention and overcome their difficulties.

We are waiting for the programme and we hope receive it some months before their departure.

Don't forget that it is very unpleasant to prepare a kvutsá without knowing even the name of their first place of hachshará.

That is all and I hope to receive a favorable answer about all the issues

ALEI V'EAGSHEM
